Substitute House Bill No. 6783

Public Act No. 05-124

AN ACT CONCERNING THE PRESERVATION AND USE OF AGRICULTURAL LANDS AND CONSERVATION AND PRESERVATION RESTRICTIONS.

Be it enacted by the Senate and House of Representatives in General Assembly convened:

Section 1. Section 47-42a of the general statutes is repealed and the following is substituted in lieu thereof (Effective October 1, 2005):

For the purposes of sections 47-42b, [and] 47-42c and section 2 of this act, the following definitions shall apply:

(a) "Conservation restriction" means a limitation, whether or not stated in the form of a restriction, easement, covenant or condition, in any deed, will or other instrument executed by or on behalf of the owner of the land described therein, including, but not limited to, the state or any political subdivision of the state, or in any order of taking such land whose purpose is to retain land or water areas predominantly in their natural, scenic or open condition or in agricultural, farming, forest or open space use.

(b) "Preservation restriction" means a limitation, whether or not stated in the form of a restriction, easement, covenant or condition, in any deed, will or other instrument executed by or on behalf of the owner of land, including, but not limited to, the state or any political subdivision of the state, or in any order of taking of such land whose purpose is to preserve historically significant structures or sites.

Sec. 2. (NEW) (Effective October 1, 2005) (a) For purposes of this section, "state or local land use agency" includes, but is not limited to, a municipal planning commission, municipal zoning commission, combined municipal planning and zoning commission, a municipal zoning board of appeals, municipal inland wetlands and watercourses agency, a municipal historic district commission and any state agency that issues permits for the construction or improvement of real property.

(b) No person shall file a permit application with a state or local land use agency or a local building official or director of health, other than for interior work in an existing building or for exterior work that does not expand or alter the footprint of an existing building, relating to property that is subject to a conservation restriction or a preservation restriction unless the applicant provides proof that the applicant has provided written notice of such application, by certified mail, return receipt requested, to the party holding such restriction not later than sixty days prior to the filing of the permit application. In lieu of such notice, the applicant may submit a letter from the holder of such restriction or from the holder's authorized agent, verifying that the application is in compliance with the terms of the restriction. If the applicant has provided written notice pursuant to this subsection, the holder of the restriction may provide proof to the state or local land use agency or local building official or director of health that granting of the permit application will violate the terms of the restriction and such agency, official or director shall not grant the permit.

(c) If the applicant fails to comply with the provisions of subsection (b) of this section, the party holding the conservation or preservation restriction may, not later than fifteen days after receipt of actual notice of permit approval, file an appeal with the state or local land use agency or local building official or director of health, subject to any rules of such agency, official or director relating to appeals. The agency, official or director shall reverse the permit approval upon a finding that the requested land use violates the terms of such restriction.
