**Safety Issues:**

A resident complained about insufficient lighting at the Senior Center. Discussion included putting reflective tape on poles and contacting Eversource to add lights on their poles. An email received after the meeting from Lloyd Decker (who had microphone issues during the meeting) said the lights were all working correctly and that he has had no complaints from residents or employees.

Derrek Guertin brought up again the issue of warning lights on all town vehicles. The Health Department just got a new vehicle. Tim Simpkins as the department head should follow up on this.

A reminder that there have been ice buildup issues at the Senior Center in the past and the situation should be monitored as cold weather comes.

Meeting adjourned at 11:19. Motion made by Linda Fox and seconded by Maria Evans.

Respectfully submitted,

Linda Fox, Chairman
