Hi Bob,

My husband and I have no objection to the proposed enclosed plans for 3 Woods Road, with 3 ft. total raising of the roof, and staying within the footprint of the home.

We look forward to having you as our neighbor.

Cathy,

Nice to speak with you on the phone.

Thank you in advance for taking a look at the attached plans and letting me know if you think they will improve or hinder your view. Attached are the plans of both the existing house and proposed house

The below is the existing house looking at it from your house.

The below is the Proposed house looking at it from your house. Please the roof line goes the other way from the existing house and also note the red X is 3 feet higher than the existing roof line, but the blue X is 6.4 feet lower than the existing roof line, so overall it should improve your view from both of your houses at 4 and 6 Woods Rd

I will call you tomorrow morning to see if you have any concerns with our existing plans.

Bob Roscoe
