The Regular Meeting of the Safety Committee was called to order by Chairman, Linda Fox at 11:05 a.m. via Zoom.

Approval Of Minutes.

Motion was made to approve the minutes of December 14, 2022 by Linda Fox, seconded by Olga Melnikov and approved by all.

Old Business:

Accident Reports: One accident that was not a safety issue.
No update on the issue of warning lights on town vehicles.

New Business

Derrek Guertin suggested that there be a more formal process to report safety issues to the appropriate person. Linda Fox will make a list of what was discussed and send it to the appropriate persons. She will also send out the minutes to all Safety Committee members soon after they are posted.

Safety Issues:

There were no new safety concerns.

Maria Evans noted that she felt the new crosswalk/warning lights in front of Town Hall was an improvement. Linda Fox reported that often cars did not stop, even with the flashing lights. Maria Evan will speak to the Police and maybe they can have more of a presence near the crosswalk, which might help with the problem.

Meeting adjourned at 11:17. Motion made by Linda Lull and seconded by Janet Capozzola.

Respectfully submitted,

Linda Fox, Chairman
