Leave your comment or questions here: :: I am writing to object to the application at 12 Brush Hill. To build a garage structure bigger than the house is absurd. Why would we allow. The owners have no registered vehicles within our state. So why a garage 25% larger than current structure? As a neighbor I have seen several vehicles with out of state plates yet never a CT plate except once or twice in spring. As a community we need to enforce building code for all summer folks.
