

THE ZONING COMMISSION
Town of New Fairfield
New, Fairfield, CT 06812
REGULAR MEETING MINUTES
DATE: August 2, 2023
TIME: 7:30 pm
Virtual Meeting Via Zoom

Call to Order

John Moran called the meeting to order at 7:33 pm.

Present

John Moran, Kevin VanVlack, Mark Lamanna, Jane Landers, Joan Archer, Tomas Kavaliauskas (alternate), Gary Mummert (alternate-absent), and Town Official Zoning Enforcement Officer Evan White.

John Moran stated that Gary Mummert has resigned as an alternate, effective immediately.

John Moran elevated Tomas Kavaliauskas to a voting member.

Public Comment

Claudia Thiel, 68 Gillotti Road, raised a concern about Gillotti Road and the crosswalk from East Lake Road to Gillotti Road. She is concerned about who is going to maintain and the liability for the crosswalk. She stated that Gillotti Road and all the roads going to Gillotti Road are unsafe. She stated that a crosswalk is not going to make the road safer. She stated that doing something active to reduce the speed on that road would be the only option to make the road safer. She stated that the children that are walking on that road have the option to ride the bus and that that is a safer option for children that are currently walking on that road.

John Moran advised her to listen to last month's meeting. He stated that the crosswalk is for the children on that street to cross the street. It would be a flashing light to slow down the traffic. The school will not receive a CO without putting a crosswalk in. The town engineer is the one that suggested the crosswalk. It will be similar to the crosswalk on Ball Pond.

Monica Thiel reiterated the concerns raised by Claudia Thiel. She stated that any of the roads that the kids are walking on to get to the crosswalk are unsafe. She stated that the students that are choosing to walk to school on unsafe schools when there are busses that they can safely get to school on need to take the bus and not walk on the unsafe roads. Monica Thiel questioned the date of the approval of the crosswalk. She stated that she went over meeting minutes from May 5, 2021 to present and could not find any approval of the minutes. John Moran stated he will find the approval of the crosswalk and get the information to Monica Thiel.

Public Hearing

- 1) **SP-23-014-Special Permit for 9 Pettit St– For renovations and additions due to the corner lot frontage regulation as well as the overly shallow lot. Under Section 1.5.9 – Corner lots – item (C) – Reduction request of 1 of 2 frontages for a corner lot. Applicant Robert Kordas.**

Robert Kordas deferred to Glenn Smith on the explanation of the project. Glenn Smith, architect and structural engineer for the project, stated that the both lots have been in the owner's family since the early

1950's. The house is being updated for the first time since it was built. A kitchen will be put on the left side of the house, finish the second floor, add a wraparound porch, increase the curb appeal, and a detached garage. Mrs. Schaefer, the owner, wants to merge the lots as a condition of receiving tonight's special permit. The lots are a quarter acre and will combine to make a half-acre lot. The initial foray into this matter took them before the ZBA where the chairman was opposed to any expansion of a non-conformity and that the project as they proposed is a non-starter in his opinion. After digging into the zoning regulations and meeting with Evan Smith, the Town Official Zoning Enforcement Officer, who pointed out Section 1.5.9(G) which allows the Zoning Commission to reduce one of the front yard requirements of a corner lot by special permit. The reduction requested is on the westside of the property from 23.1 feet to 15.9 feet from the line. Kevin VanVlack questioned the existing driveway. Glenn Smith stated that there will only be one driveway. It will be the existing curb cut and curve over to the three-car garage. The project will be under the 10% impervious. Mark Lamanna requested clarification on where the special permit is being requested. Glenn Smith stated that the second set of stairs will be roughly 12 feet from the property line and this is where and why the special permit is needed. Tomas Kavaliauskas questioned the plans if the porch was not approved and that the house is currently close to the road. He stated that the design will dress up the house. Glenn Smith stated that the square footage will be in the low 2000 once complete. Jane Landers questioned if the house would be dangerously close to the road. Tomas Kavaliauskas stated that is not what he was stating, he was just saying that the existing home is close to the road. Kevin VanVlack stated that the staircase has always been there. Glenn Smith shared pictures and explained the proposed plan for the stairs. Glenn Smith stated that 12 feet is needed to complete the stairs.

Mark Lamanna made a motion to close the public hearing for SP-23-014-Special Permit for 9 Pettit St– For renovations and additions due to the corner lot frontage regulation as well as the overly shallow lot. Under Section 1.5.9 – Corner lots – item (C) – Reduction request of 1 of 2 frontages for a corner lot. Applicant Robert Kordas. Kevin VanVlack seconded the motion.

COMMUNITY VALUES STATEMENT

HOUSING AFFORDABILITY

“While New Fairfield will remain a community of predominantly single-family homes on large lots, **the Town recognizes the need to provide more variation in its housing stock.**

Diversifying New Fairfield's housing stock can potentially allow **young people** to live in the community where they grew up, allow **seniors** to downsize within their community, and provide housing opportunities for **firemen, teachers, and others who serve or work in New Fairfield.**”

-New Fairfield Annex to the 2022 Western Connecticut Regional Affordable Housing Plan

WHY ARE WE DEVELOPING A TOWN HOUSING AFFORDABILITY PLAN?

- **Required by State Statute 8-30j** (*adopted in 2017*):
 - At least once **every 5 years** every municipality must prepare or amend & adopt an affordable housing plan
 - **GOAL** “to undertake a proactive Planning process and lay out a strategy for meeting the housing needs of existing and future residents and workers” as required by Section 8-30j
 - The plan must **specify how the municipality intends to increase the number of affordable housing developments** in the municipality
- Plan does not have to be limited to only housing that is affordable to residents earning under 80% Area Median Income (AMI)
 - Can include strategies for providing housing options for people of all ages, mobility/accessibility needs, range of incomes
- Housing Plan = **Guidance document**, no regulatory authority

Housing Affordability Plan Table of Contents

1. Introduction

- Why does New Fairfield need a plan?
- How do you define housing affordability?
- Why has housing become unaffordable for so many?
- How was this plan developed?
- What are the main goals of this plan?

2. Assessment of Housing Needs & Current Housing Stock

- What do New Fairfield residents say about housing needs?
- What are the demographic and housing trends?
- How do these fit into the region's housing needs?

3. Land Use and Zoning Assessment

- What residential uses do the zoning regulations allow? Where?
- What areas in town are protected from housing development?

4. Goals and Strategies

- How can New Fairfield address its identified housing needs over the next 5 years?
- How will these strategies be implemented?

5. Appendix/Resource links

- Where can I go for more information?

FREQUENTLY ASKED QUESTIONS

1. Will the town have to pay to create these affordable housing options out of the town budget?

- No. The town can contribute if it wishes but most towns do not pay for the construction of new housing options that are affordable.
- Many of the strategies in the housing plan will not require public funding.

2. Will this housing plan change the small-town character of our town or threaten preserved open space?

- No. Towns need both preserved open space and housing affordability. These are not in conflict.
- **Most smaller towns have set a realistic goal of around 20 new affordable housing opportunities in 5 years.**
- **Some of these can be in renovated buildings.**

3. Do current New Fairfield residents need affordable housing options?

- New Fairfield has **1,405 households that earn below 80%AMI** (qualify to live in “affordable housing”)
- **485 households were spending more than 50%** of their income on housing costs (= severely housing cost burdened)
- An additional 795 were spending more than 30% of their income on housing costs.

WHAT IS THE STATE'S DEFINITION OF DEDICATED "AFFORDABLE HOUSING"?

Definition of affordable housing:

Costs less than 30% of the income of a household earning 80% or less of the area median income (AMI) for Fairfield County.

Incomes adjusted annually and by household size.

(2022)	Household Size				
	1 person	2 people	3 people	4 people	
30% of AMI	\$27,240	\$31,110	\$35,010	\$38,880	385
50% of AMI	\$45,400	\$51,850	\$58,350	\$64,800	370
80% of AMI	\$72,640	\$82,960	\$93,360	\$103,680	650

New Fairfield has 1,405 households (28%) earning below 80% AMI

Example "affordable" rents:

- between \$800 and \$1,200 for a one-bedroom apartment or
- \$1,200 to \$2,000 for a 3-bedroom apartment.

CURRENT STOCK OF DEDICATED AFFORDABLE HOUSING

AS DEFINED BY THE CT AFFORDABLE HOUSING APPEALS ACT (8-30G)

	Total Housing Units 2010 Census	Government Assisted	Tenant Rental Assistance	Single Family CHFA/ USDA Mortgages	Deed Restricted Units	Total Assisted Units	Percent Affordable
Brookfield	6,562	155	23	83	112	373	5.68%
Danbury	31,154	1652	1292	390	210	3,544	11.38%
New Fairfield	5,593	0	4	45	17	66	1.18%
New Milford	11,731	319	42	139	20	520	4.43%
Sherman	1,831	0	1	5	0	6	0.33%

- New Fairfield currently has **66 units** of housing dedicated to remaining affordable to the **1,405 households** under 80% AMI

What does “dedicated” mean

Property being “assisted” by a state or federal program which assures the affordability remains in place; or a deed restriction is recorded.

Housing life cycle

Limited housing options by type

95% of New Fairfield's housing stock is single family detached housing

If diversifying housing is the goal; the housing affordability plan can lay out actions the town can take to do this.

- **95%** of New Fairfield's housing is single family (detached)
 - Compared to 57% countywide and 59% statewide
 - Single family (detached) housing is the most expensive type of housing to build, own and maintain and it takes up more land than other types of housing.
- **81%** of New Fairfield's homes have 3 or more bedrooms
 - Only 35% of households have children
 - Compared to 60% countywide and 58% statewide
- A majority of New Fairfield's housing stock may not fit the needs/desires of young adults, young families, or seniors that do not want to pay for or maintain a single family home with 3+ bedrooms.

Access to ownership is more challenging

New homeownership is often delayed by high housing costs, limited diversity in housing type (too many 3+ bedroom houses), and student loan debt.

Median sales price in New Fairfield in 2022= \$470,000

Affordable sales price for first time homebuyer = \$250,000

WHAT DO RESIDENTS SAY

SAMPLE OF COMMENTS RECEIVED TO DATE

Our son and his fiancé would like to rent in town. Our small lake home does not have room for an in-law setup. But reasonably-priced apt. options are very, very limited.

My daughter and her family tried to move here a few years ago but there were ZERO houses in her price range on the market!

New Fairfield needs more diversity. I thought the Consolidated School property should be repurposed for affordable housing. Location is ideal.

I would like to see the Town try to attract housing options for seniors like those similar to those recently built in Brookfield and Bethel.

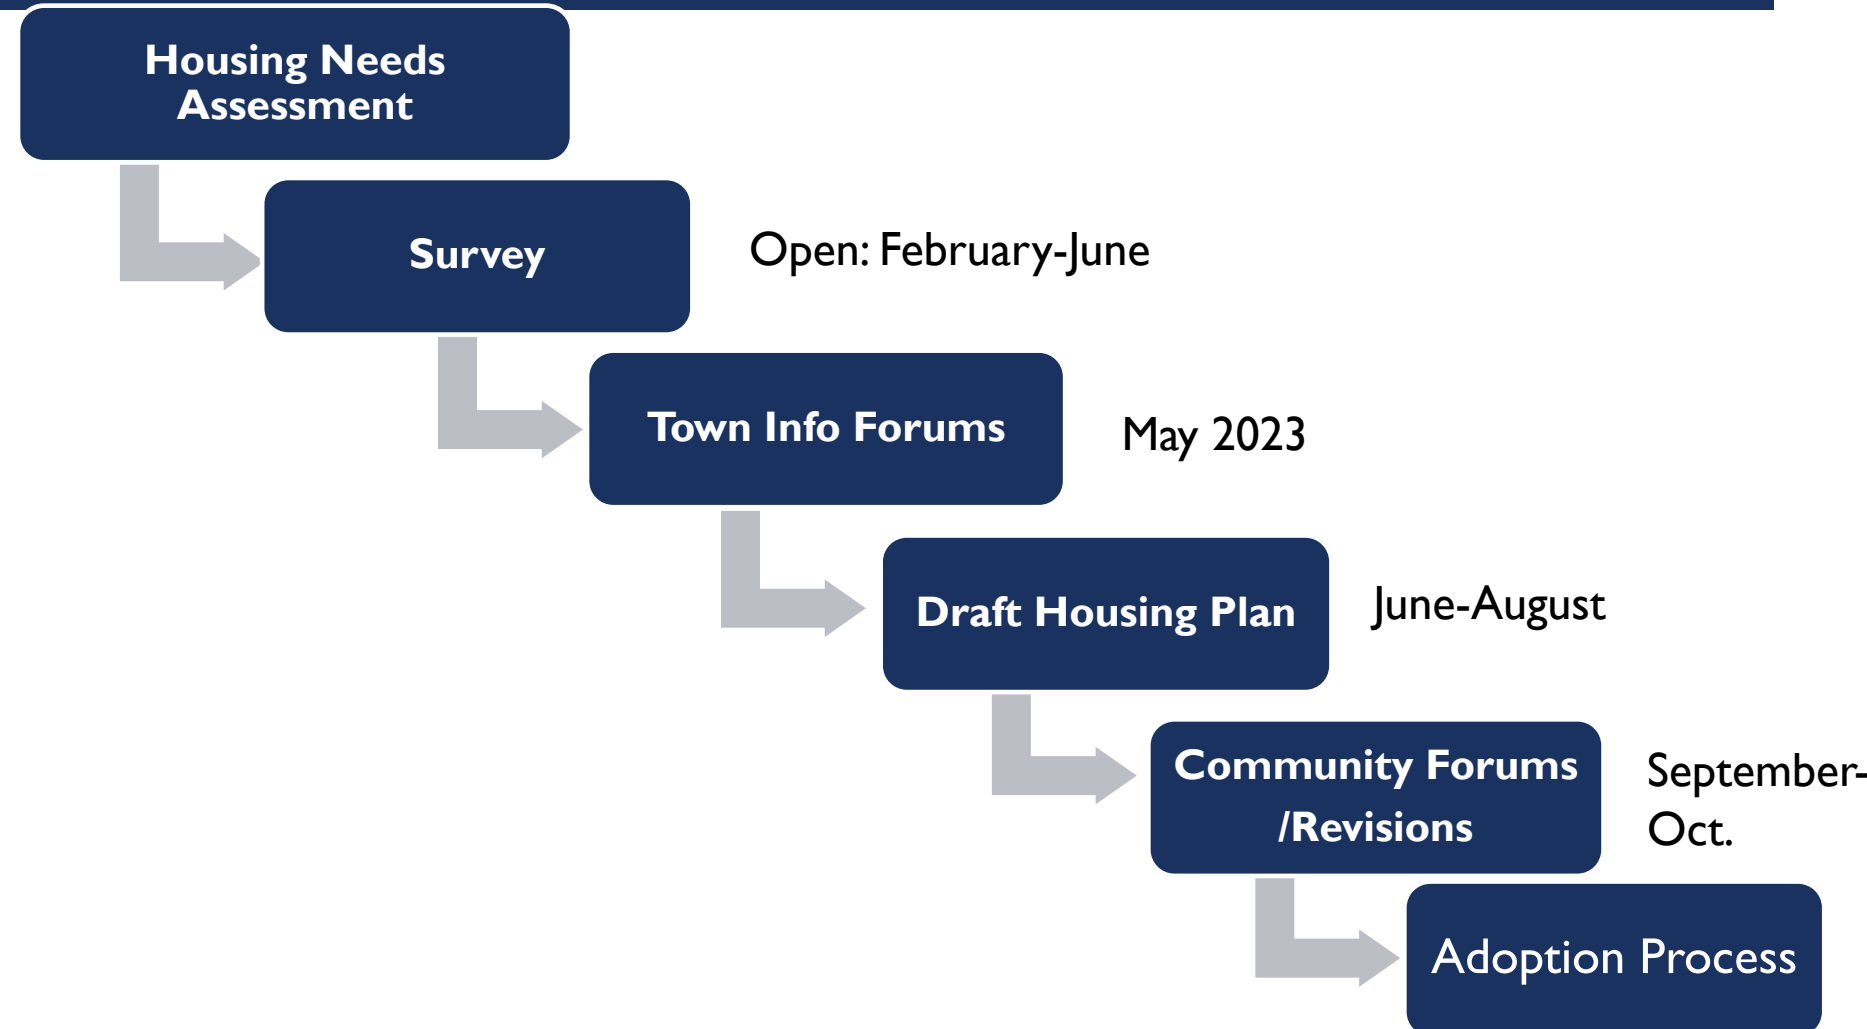

Family members that have lived and raised their families in New Fairfield since the 50s are moving to other towns due to housing options. These family members helped build a lot of the roads, volunteered at the fire house and can no longer afford the taxes on their houses. I am also looking into moving to another town due to housing issues

Multi-family and apartments zoned around the town center would help to make it a more vibrant area.

NEXT STEPS IN HOUSING PLAN PROCESS

- Plan to hold **more community forums to get feedback on DRAFT Housing Plan** prior to presenting the Housing Plan for adoption.
- Monthly Housing Plan Steering Committee meetings are **open to the public**.

Sneak Peek

GOALS IN CURRENT DRAFT PLAN

To create **20 housing units over the next 5 years** that would be dedicated to remaining affordable to the 1,405 households in New Fairfield earning under 80% of the area median income.

- GOAL 1: Support the **New Fairfield Housing Trust**
- GOAL 2: Support affordable **first-time homebuyer options**
- GOAL 3: Allow the development of smaller sized homes that could be **“downsizing” options** for older adults.
- GOAL 4: Increase awareness about the housing opportunity that **accessory apartments** can create.
- GOAL 5: Continue to **raise awareness** about housing needs and solutions
- GOAL 6: Make sure the housing plan strategies are implemented over the next 5 years
