Discussion of Post Office for the Town of New Fairfield

James Hickey from the U.S. Postal Service spoke of the possibility of a new post office for the Town of New Fairfield. The proposed new post office would replace the existing facility and would be approximately 5,000 square feet on approximately two acres. The current post office is approximately 2,000 square feet. The building for the new post office would be leased from the private sector. Mr. Hickey spoke of the different options available.

The public hearing was opened to members of the public for their input. Many members of the public spoke in support of the post office. First Selectman Hodge asked for a show of hands from the members of the public present and everyone was in favor of the new post office.
